

TECH FOR 2020

TAKE YOUR BUSINESS MOBILE

Jo Teeter began her career in real estate in 1997, successfully selling real estate in Iowa. She quickly rose to the top of her game after completing several designations but the love of learning, and ultimately training took over after she moved to Arizona. She worked for several brokerages, training agents and recruiting. Jo was a trainer for the local MLS Association for 5 years. She joined RPR in 2015 as their Training Manager and has been using RPR in her practice since 2010 when her MLS adopted the application. She really enjoys showing agents how to make more money in their business with this tool.
